Dr, Yager is an actively helpful teacher. You can tell he loves what he does. Test are a little tough because his questions are so broad and you aren't exactly sure what he wants you to say in your answer- but overall it is a great class.

Amazing Professor. He has taken a course that is difficult and presented it in a manner that anyone can understand and appreciate. It seems as though he has an amazing passion for teaching political thought.

This is an excellent class and should be offered on a more regular basis. It has been instrumental in my understanding of the American Political System, and could benefit most students. Dr. Yaeger truly understands the material and teaches it with enthusiasm.

prof Yager is one of my favorite teachers. I will continue to take classes for him in the future.

Dr. Yager is one of the best professors I have had, if not the best, he is incredibly smart. This class has opened my eyes to aspects of American political theory that I wouldn't have otherwise understood/realized. A 5 star professor.

Dr. Yager is a very good professor as he stimulates challenging discussions in class. I've learned a lot in this class and I would gladly take another class for him.

Dr. Yager is by far the greatest professor I have had the pleasure of taking not only is he extremely knowledgeable about the course, but he presents it in a way that makes me want to learn it. I enjoyed coming to his class every single day. Thank you for teaching me.

Dr. Yaeger is an amazing Professor and has been one of the most influential instructors I have had at WKU.
