<p>- Dr. Yager is effective and helps expand on information from the textbook, making it easier to understand and relate to real life.</p> <p>- Yeager is the man. He's a bright mind that deserves walls full of degrees for his excellence. He makes very difficult content interesting and understandable in a lecture format I would typically hate.</p> <p>- This course was extremely difficult. Nonetheless, I really enjoyed the course and I would definitely take another course from this instructor. It was heightened my interests in political theory and philosophy.</p> <p>The exams are difficult but manageable.</p> <p>- Dr. Yager is an excellent professor in his field. He teaches primarily in fact and only injects personal theory when helpful. He also clearly differentiates his views from course material, which is more than I can say for some political science professors I have had. I took this course as a night class which occasionally makes it hard to focus. However, Dr. Yager's humor and enthusiasm are motivating. This class is structured in such a way that I feel it very possible to get an A, but that I have truly earned that grade. This was my second class with Dr. Yager and I enjoyed it thoroughly.</p>
